16. Large fenced yard with guard dog.
17. We consider trade-ins.
18. We advertise.
19. No charge if your consignment doesn't sell.
20. We treat you fair.

8 TRUCK DECKS (August 2011)

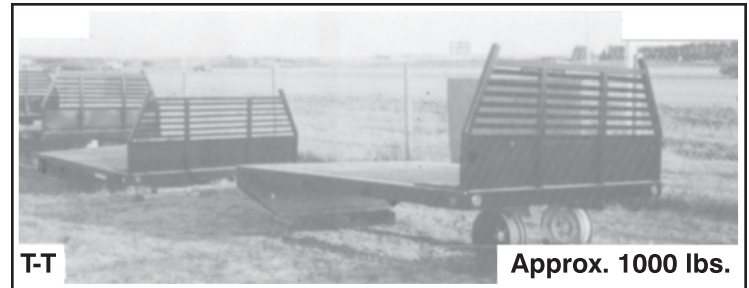

STANDARD EQUIPMENT: Main frame is made of 4" channel with 3" channel cross members on 20" centres. Tongue and groove wood deck, headboard, rear skirt, stake pockets, 2 mud flaps, D.O.T. lights, primed and painted black, 6 mounting plates supplied. Main frame of these decks is for a cab & chassis unit 34" wide (outside measurement), and 37½" wide for trucks that had a box on it. **NOTE:** Newer cab & chassis Fords come with a wider stance therefore they should have an 8' wide deck. However practically any deck will mount on any truck by bending the mounting plates. (Note: Alberta Trailers does not install decks. Please make other arrangements.)

Pic. shows 8' x 78" with rear hitch, and hide-away G. N. ball mount.

FOR ½, ¾ TON OR 1 TON SINGLE WHEELS

8' Long x 78" wide (37½" w. frame) fits trucks that had an 8' box **\$2995**
NOTE: Any one ton dual truck that had an 8' box requires an 8' wide deck because the tire stance is wider than a cab & chassis unit. The hitch on a deck should not be more than 3.5 feet from the rear in order to allow sufficient turning room when hauling a gooseneck trailer. Therefore be sure to purchase the proper length of deck if you want the hitch on the axle.

Pic. shows 12' x 89" wide standard deck

FOR 1 TON DUALY

- 9' long x 8' wide (37½" w. frame) to fit 1 ton dually's that had an 8' box **\$3695**
- 10' long x 8' wide (34" wide frame) for cab & chassis units **\$3750**
- 12' long x 8' wide (34" wide frame) for cab & chassis units **\$3995**

OPTIONS

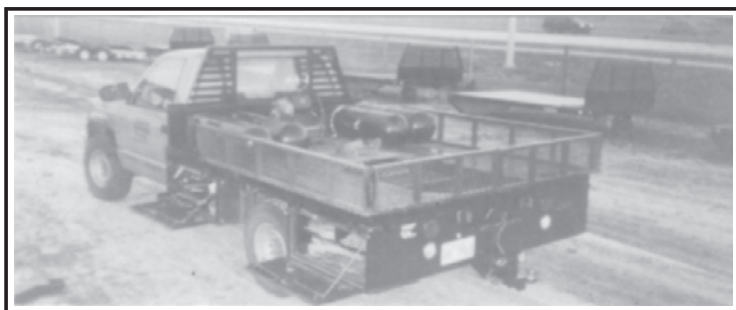

Note: All options are priced according to installation at the factory when deck is being built.

- | | | | |
